

# Connecting you to great days out...

1

## Museum of Archaeology and Anthropology

Downing Street CB2 3DZ

01223 333516

[www.maa.cam.ac.uk](http://www.maa.cam.ac.uk)

### FREE entry

Open Tues to Sat 10.30 – 4.30

Sundays 12 – 4.30

Closed Bank Holiday Mondays

Explore the new ground-floor Cambridge gallery and discover wonderful stories told through the collection. Experience the diversity of people and cultures from around the world. Highlights to look out for are Pacific material collected on Captain Cook's voyages of exploration and the 14-metre-high totem pole from Canada.

2

## Museum of Classical Archaeology

Sidgwick Avenue CB3 9DA

01223 330402

[www.classics.cam.ac.uk/museum](http://www.classics.cam.ac.uk/museum)

### FREE entry

Open Mon to Fri 10 – 5, Sat 10 – 1

(University term-time only)

Closed Bank Holiday Mondays

One of Cambridge's hidden gems, the museum houses one of the largest collections of plaster casts of Greek and Roman statues in the world. Originally gathered in the late 19th century, this collection remains a marvellous way to experience these masterpieces of ancient art. There is a regular programme of family holiday activities, and a schools & colleges programme including talks, tours, teaching and storytelling.

3

## Fitzwilliam Museum

Trumpington Street CB2 1RB

01223 332900

[www.fitzmuseum.cam.ac.uk](http://www.fitzmuseum.cam.ac.uk)

### FREE entry

Open Tues to Sat 10 – 5

Sun & Bank Holiday Mondays 12 – 5

Housing almost half a million objects and hailed as 'One of the great treasure houses of Britain' by *Britain's Best Museums and Galleries*, the Fitzwilliam has an amazing variety of beautiful objects and art from around the world. See everything from Egyptian coffins to Impressionist masterpieces; illuminated manuscripts to Renaissance sculpture; rare coins to Asian arts. Enjoy major exhibitions, events, music and workshops year round, as well as unique gifts in the museum shop and refreshments in the café.

4

## Kettle's Yard

Castle Street CB3 0AQ

01223 748100

[www.kettlesyard.co.uk](http://www.kettlesyard.co.uk)

### FREE entry

Open Tues to Sun and

Bank Holiday Mondays

Gallery 11.30 – 5

House 12 – 5

Kettle's Yard is the beautiful former home of Jim Ede, once a curator at the Tate Gallery. It houses a remarkable collection of 20th century art including paintings by Christopher Wood, Ben and Winifred Nicholson, and sculptures by Henry Moore and Barbara Hepworth. At Kettle's Yard, artworks are positioned alongside furniture, glass, ceramics and natural objects, with the aim of creating a harmonious whole. Next door, the gallery presents contemporary and modern art exhibitions. There is a wide programme of events including concerts, talks and workshops.

5

## The Polar Museum

Lensfield Road CB2 1ER

01223 336540

[www.spri.cam.ac.uk/museum](http://www.spri.cam.ac.uk/museum)

### FREE entry

Open Tues to Sat 10 – 4

Open Bank Holiday Mondays

Closed Bank Holiday Saturdays

If you have ever wondered what it is like to travel to the Polar Regions or why they are so important to the future of our world, take a trip to The Polar Museum. From penguins to polar bears, sleeping bags to sextants, Inuit art to explorers' diaries – come and find out about exploration, science and survival at the extreme ends of the earth. Discover the North and South Poles just 10 minutes walk from the city centre.

6

## Sedgwick Museum of Earth Sciences

Downing Street CB2 3EQ

01223 333456

[www.sedgwickmuseum.org](http://www.sedgwickmuseum.org)

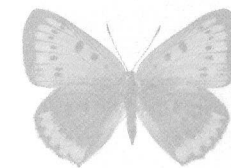

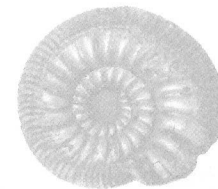

### FREE entry

Open Mon to Fri

10 – 1 & 2 – 5

Sat 10 – 4

Open some bank holidays – please check website for details

The Sedgwick Museum of Earth Sciences is the oldest of the University of Cambridge museums, having been established in 1728 as the Woodwardian Museum. Since then the collection has grown from about 10,000 fossils, minerals and rocks, to at least 2 million. A walk through the museum will take you on a 4.5 billion year journey through time, from the meteoritic building blocks of planets, to the thousands of fossils of animals and plants that illustrate the evolution of life in the oceans, on land and in the air.
